

Gregory J. Lestini

Partner & Financial Services/Insurance Chair

In private practice for more than 14 years, Greg Lestini utilizes his experience within multiple levels of government to help clients navigate complex legal, legislative and regulatory structures. As a member of the firm’s government relations team, he focuses on using the levers of public policy to the advantage of insurance companies, public corporations, trade associations and private businesses. Greg is Chair of the Financial Services/Insurance Industry Group. In that role he leads the strategic direction of the insurance practice and represents insurers, from small mutuals to large stock companies in a variety of corporate and regulatory matters.

Greg has served as a legislative aide in the Ohio Legislature and at Columbus City Council. In addition, he was chief of staff for the Ohio Senate Minority Caucus, helping lead strategy, talent development, public policy and other critical initiatives for the minority leader and caucus. In addition, he worked with the AmeriCorps Legal Service Corps following law school, representing low/no-income renters in eviction defense and conditions cases in Toledo and throughout northwest Ohio.

Greg is an active community member, participating on many boards throughout central and southeast Ohio. He is a member of the firm’s Racial Equity Task Force and was also responsible for reinventing a firm-hosted art show, featuring artists in recovery from and dealing with mental health and addiction challenges. Greg also regularly contributes to updates on legal and business developments in the insurance space as it relates to finance and insurance technology by public and private entities.

Known for his accessibility and responsiveness, clients can typically reach Greg after-hours, while he’s in his kitchen, practicing the guitar or building elaborate and structurally questionable Lego projects with his daughters.

Experience

Insurance regulations

Actively assist several insurance companies, including multiple Fortune 500 companies, with questions regarding Ohio Department of Insurance regulations. Combining our knowledge of both the State Department and appurtenant regulations with an appreciation for those federal entities moving into the insurance regulatory space, we represent these companies in negotiations, rate and product filings, and investigations.

Legislative counsel

Actively represent more than 30 clients before the Ohio General Assembly, state agencies and local government entities. Longtime clients include the Association of Ohio Life Insurance Companies, the Ohio Manufacturers' Association, the Ohio Association of Physician Assistants and Northeast Ohio Public Energy Council.

Energy generation facility counsel

Represent Apex Power Group before the Ohio Power Siting Board (OPSB) for the proposed Guernsey Power Station, a 1650-megawatt, natural gas-fired energy generation facility. In 2017, the project received approval to construct and operate the facility. Our team continues to provide substantial regulatory, legislative, tax, permitting and real estate counsel. In addition, we resolved issues involving interconnection with the local transmission company and the Ohio Department of Natural Resources.

Government procurement

Assisted a client in understanding state procurement, bid protests and contract requirements.

Oil and gas lease negotiation in southeastern Ohio

Formed and worked with the Southeastern Ohio Landowners Association (SEOLA) to combine the acreage of landowners in five southeastern counties in order to negotiate oil and gas leases with multiple energy companies. SEOLA blossomed into the longest-lasting and most successful landowners group in Ohio with a dozen deals closed with eight different oil and gas companies, involving approximately 70,000 acres and more than \$300 million in upfront, per-acre bonus payments to SEOLA landowners.
